

Kanaeokana is a network of over 60 schools and organizations focused on strengthening Hawai'i

OUR KEIKI have many challenges ahead, and one of the best tools we can give them is a *deep and innovative education* that will enable them to create a *future of abundance and strength*, both *for Hawai'i and the world-at-large*. Each bill that truly supports education is a stone in the kahua, the foundation, securing our collective future.
